“Great Lakes Myth Society’s sweat  
-drenched rock’n’roll is unbeatable”

*SPIN.com*

“GLMS’s music often nods to the effortless  
warmth of 1960s pop, particularly the Beach  
Boys. But there are also stark moments of folk  
& blues, like broken branches poking through  
the snow in the chilly landscape of a Jim  
Harrison novel. In other words, it’s  
music for all four seasons.”
